

ANNUAL REPORT 2014

Family&Children's Place

***Our vision
is a community
where children
are free from
abuse, violence
and neglect.***

One simply needs to turn on the television, computer or open the newspaper to see the struggles that confront many families in our community. Often, the gap between a child's past and the future we hope for them seems vast. Family & Children's Place gets to be that bridge. Every day, our highly trained staff works to build safe and stable families.

Our vision is simple- a community free of abuse, violence and neglect. This year, we served children and family members to ensure their future was brighter than before. Through research-based services, we know how to prevent abuse from occurring, stop abuse if it does occur, and help families recover from the trauma of abuse.

We are amazed at the continued support we receive from people like you. Your generosity allows us to provide our families with the programs and services they need. Thank you for being the bridge to Brighter Futures for children and families we serve.

Pam Darnall, CEO
Bill Meyer III, Board Chairman

OUR SERVICES

Child and Family Services is a broad-based family and individual counseling program serving child and adult victims of violence with proven interventions. Without proper assistance, children who experience abuse are more likely to commit crimes, abuse alcohol and drugs, and suffer from depression. Children may suffer lifelong effects without treatment.

HANDS provides voluntary visitation for first time and expectant parents that begins during pregnancy or shortly after the child's birth. Our services help foster healthy pregnancy and births, stable child growth and development, safe homes and self-sufficient families.

The **Kosair Charities Child Advocacy Center** is the region's only facility dedicated to the intervention and treatment of child sexual abuse. The KCCAC brings together the expertise of our staff, police, physicians, Child Protective Services and the Commonwealth Attorney. Forensic medical exams, specialized interviews and mental health assessments are provided to assure families receive needed services.

Family and School Services are structured school-based programs designed to provide after school programs to improve academic success and parent engagement. We emphasize character building, learning, social competencies, and the building of a core support team between student, parent and school.

Family Stabilization Program provides assistance for families and individuals at high risk of homelessness. We help families develop their own plan to become stable, self-sufficient and remain in safe housing as well as providing crisis intervention.

PAL is a Drug Free Communities Program representing the Parkhill, Algonquin, and Old Louisville neighborhoods in Louisville. The program focuses on protective factors that promote resiliency and enhance a young person's ability to resist risks and make good decisions. We believe these youth and community partners can have a profound effect on preventing violence in the lives of children and families.

Our mission is to strengthen our community through healing the trauma of abuse, violence and neglect and promoting safe, healthy and stable families through research based services.

MILESTONES

Our Family Stabilization Program staff secured safe, stable housing for 94% of clients facing risk of homelessness.

The trauma of sexual and physical abuse was stopped for 1,320 children who received comprehensive services at our Kosair Charities Child Advocacy Center.

1,581 individuals received counseling, supervised visitation and home based services through our Child and Family Services Program.

Our specialty trained HANDS staff performed 5,615 home visits to 477 families of first-time parents ensuring an abuse free home.

89% of youth and families in our Family and School Services Program engaged in a highly structured program to improve the youth's success both academically and socially.

BRIDGE TO WHERE WE OUGHT TO BE

For the past 29 years, Family & Children's Place had the fortune of being led by Dan Fox. Dan led Family & Children's Place through expansions, mergers, capital campaigns, and was the lead visionary behind the Kosair Charities Child Advocacy Center, a national model in the treatment of child sexual abuse. Through every triumph or trial, Dan always kept his focus on one thing- the children and families we serve.

On January 1, 2014, Pam Darnall ascended to the position of CEO. No stranger to us, Pam served as CEO of The Family Place before the 2008 merger that formed Family & Children's Place. She served our families as COO for the past six years. Pam brings a wealth of experience and expertise to her role and, like Dan, will seek to make this community a better place for children and families.

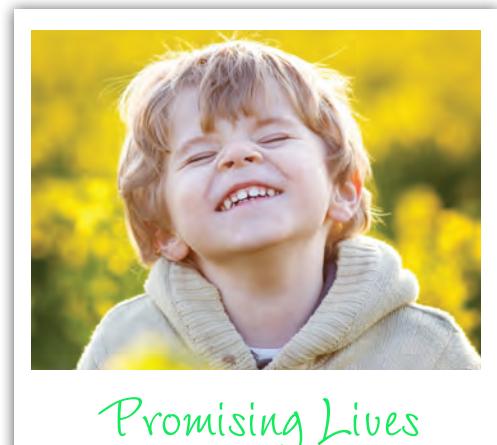

We are proud to have dedicated, visionary leaders who are working to Build Brighter Futures.

In April, Family & Children's Place hosted the annual Rally Against Child Abuse to commemorate Child Abuse Prevention Month. A large group of community members joined FCP, Kosair Charities and other members of the Face It Movement at the Big Four Bridge.

Building Brighter Futures Breakfast

Over 400 people attended the annual Building Brighter Futures Breakfast at the Seelbach Hotel in April. Guests were shown a video that described the services provided to our community and heard powerful testimonials of the restorative work at Family & Children's Place. The event raised over \$90,000 in support of our mission.
